### PROJECT NOTES

- **Homeowner-Supplied Materials (Not Included in Invoice):** Fixtures (tub, toilet, vanity, sink, drain, valve, shutoff valves, supply lines), sheetrock, tile (12×24 and decorative glass tile), marble sills, and impact-resistant window. Labor only charged for installation of homeowner-supplied items.
- **Contractor-Supplied Materials:** Durrock waterproofing and waterproof membrane supplied for tub surround (36" × 8' × 36" × 8' × 60" × 8' dimensions). Two-tiered wood base fabricated on-site.
- **LED Integration:** All LED lights (can lights, exhaust fan, backlit mirror, addressable strips) are wired to synchronized control system with separate attic power source for clean installation.
- **Premium Finishes:** Satin finish on walls provides modern washable surface suitable for bathrooms; semi-gloss on ceiling and trim provides moisture resistance and easy cleaning.
- **Custom Features:** Decorative glass tile installation around window with integrated LED backlighting; two 12×12 niches with custom LED lighting and marble sills represent premium custom work.
- **Scope Complete:** This represents a full bathroom transformation from demolition through final finishing. All work performed to Florida building code standards.
